

# PRODUCT GUIDE

---

# HVAC accessories for building services

Supplying to over 107 countries, Aspen Pumps® & Big Foot Systems (part of the 'Aspen Pumps Group') offer only the best in condensate drain pumps, and non-penetrative roof top support systems. Working with clients, developers, architects, consultants, engineers and contractors alike to improve the 'built' world around us.

Each region has local staff, technical representatives and distributors who truly understand your HVAC/R needs and are here to assist.

## Why choose Aspen Pumps?

One of the pioneers in condensate removal and with over 26 years of experience, Aspen Pumps is the largest producer of mini pumps in the world.

Our pumps are designed to be the quietest in the market and give problem free installation and operation. Built to the latest standards with the new models being easily integrated into BMS (Building Management Systems).

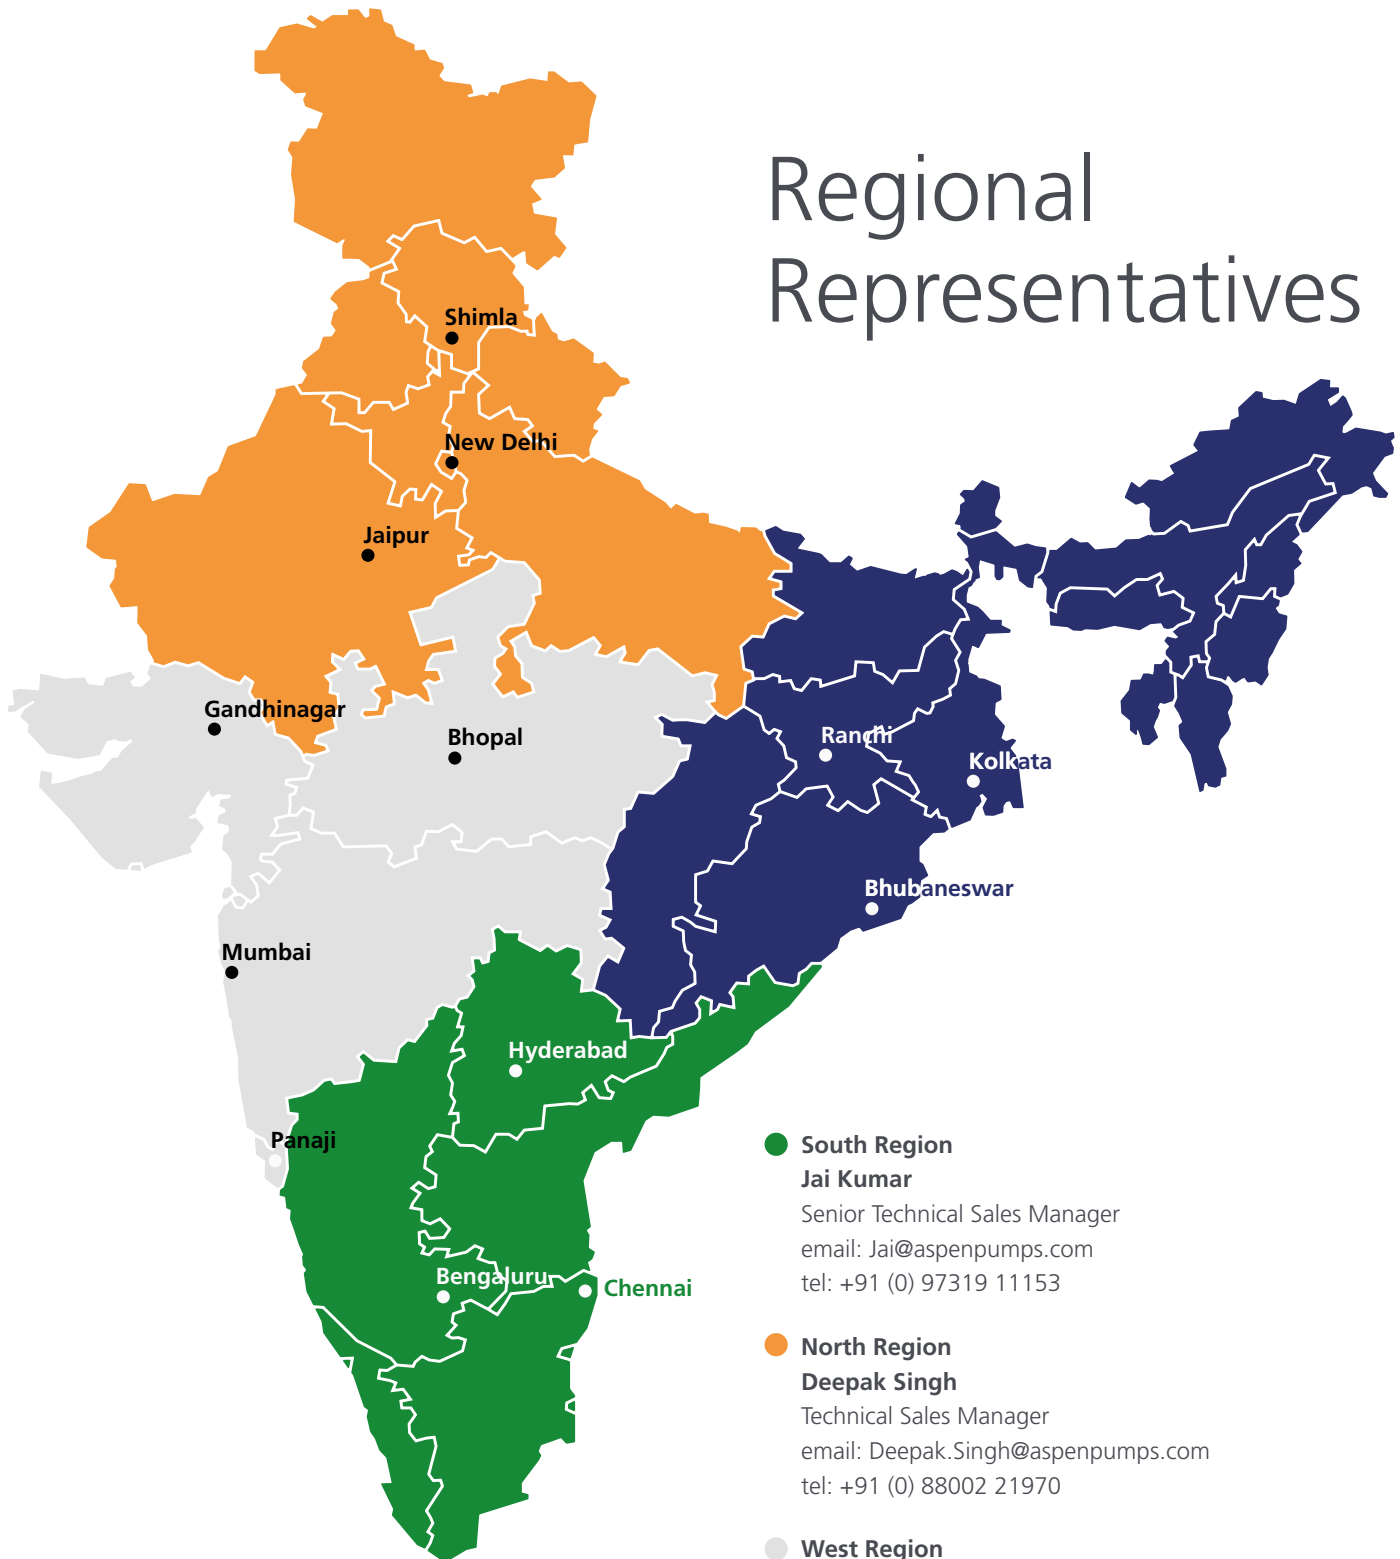

## Aspen Pumps condensate drain pumps:

- Fast & simple installation
- Avoid structural alterations & obstacles
- Place A/C unit where you want, not where you have to
- Filters to avoid pipe blockages from drawn in dust
- No leaking pipe joints
- Recycle your waste water.

## Big Foot Systems

Building services containment such as duct, pipework and cable ladder/trays can be supported using a number of products from the Big Foot ancillaries range. Our range of non-penetrative HVAC/R support systems is designed to be quickly installed, whilst being built to last.

# For the professional installer.

Condensate removal pumps are an essential part of a quality *A/C* system.

- Small & powerful
- Quiet & reliable
- Market leading
- Plug & play

# Mini Pumps Maximum Power

Since the launch of the best selling Mini Orange, Aspen has become the global leader for mini condensate pumps. Mini pumps operate on a float switch mechanism which detects the presence of water in the drain pan, activating the pump. Aspen offer the most complete and high performance range of mini pumps in the world.

# H Frame Set 305mm (12") & 450mm (18")

H Frame Sets are an economical support solution for pipe or duct. They accept a range of strut, and by fabricating the frame on-site, they are the flexible choice

## FEATURES

- 305mm (12") or 450mm (18")
- Interchangeable with three strut\* sizes:
  - 21 × 41mm (13/16 × 1 5/8")
  - 40 × 38mm (1 9/16 × 1 1/2")
  - 41 × 41mm (1 5/8 × 1 5/8")
- Versatile application
- Rubber mats provide additional roof protection
- Boxed for convenience

## APPLICATION

\* Please note: Strut is **not** included in kit, and is shown as an example

# HD Cube

Due to the close proximity of the four feet, the HD Cube has a large square base which naturally affords excellent load distribution qualities

## FEATURES

- Available in 9 configurations
- Available with 305mm (12"), 450mm (18") feet
- Alternative to heavy complex frameworks
- Fast assembly
- Excellent load distribution
- Supplied boxed

**B5104**  
HD Mounting Plate

**B9306**  
HD Clamp
